PROFESSIONAL EXPERIENCE

MCVerse (mcaverse.in)

Mohali, India

Founding Engineer

Aug 2025 – Present

- Built and launched a production EdTech platform using **Next.js 15, React, TypeScript, Firebase, and REST APIs**, delivering mock tests, daily practice, learning analytics, leaderboards, discussion forums, and an AI-powered assistant.
- Designed scalable backend and application architecture using **Next.js Server Actions, Firebase Admin SDK, authentication and authorization, caching, and persistent test sessions**, achieving **98 Lighthouse Performance** and **100 SEO**.

Chandigarh University

Mohali, Punjab

Technical Trainer – AI & Data Structures and Algorithms

Aug 2026 – Present

- Deliver regular and placement-oriented training in **Data Structures and Algorithms**, focusing on algorithmic problem solving, complexity analysis, interview patterns, and company-specific preparation based on hiring requirements.
- Conduct hands-on training in **Artificial Intelligence and Generative AI**, covering modern AI concepts, LLM-based applications, prompt engineering, and practical project-oriented use cases for students.

Dayananda Sagar University

Bengaluru, India

Assistant Professor – School of Computer Applications

May 2025 – Jul 2026

- Developed a **Student Placement Prediction** system using **XGBoost**, achieving **87% accuracy** through feature engineering and model evaluation; authored a research paper for publication.
- Mentored 200+ students in **Data Structures, Software Engineering, Full-Stack Development, and AI**, supervising industry-oriented capstone projects and maintaining a **9.9/10** teaching feedback score.

Bhavya Technovision

Remote

Data Analyst Intern

Jan 2025 – Apr 2025

- Performed exploratory data analysis and data preprocessing on large-scale energy datasets using **Python, Pandas, NumPy, SQL, Matplotlib, and Seaborn** to identify consumption and sustainability trends.
- Built interactive dashboards in **Tableau** and automated data transformation workflows, improving reporting efficiency and supporting data-driven decision making.

PROJECTS

Multi-Agent Tech Lead Simulator | [GitHub](#)

- Built an AI-powered software engineering simulator using a multi-agent workflow to generate debugging scenarios and provide structured code reviews with technical scoring and learning recommendations using **Next.js 15, TypeScript, React, and Lyzr AI Agents**.
- Engineered an asynchronous agent orchestration pipeline with schema-validated JSON responses, adaptive polling, and persistent state management to enable reliable real-time AI interactions through REST APIs.

MediBridge – AI Medical Triage Assistant | [GitHub](#)

- Developed a multimodal AI triage platform using **Next.js 16, TypeScript, Google Gemini, Firebase, Firestore, and Zod** to analyze prescriptions, voice, and symptom text, generating structured medication risk assessments and personalized action plans.
- Implemented secure authentication with **Firebase Authentication**, persistent medical history using **Firestore**, and runtime AI output validation with **Zod** to ensure reliable and consistent responses.

TECHNICAL SKILLS

Languages: Python, TypeScript, JavaScript, Java, SQL, C++

AI/LLM: LangChain, LangGraph, RAG, Prompt Engineering, OpenAI API, Gemini API, Anthropic Claude

Frameworks: Next.js, React, Node.js, REST APIs

Databases: Firebase Firestore, MySQL, Pinecone

Cloud & Tools: Docker, Git, GitHub Actions, Linux, Vercel, Postman

EDUCATION

National Institute of Technology Kurukshetra

Kurukshetra, Haryana

Master of Computer Applications **CGPA: 8.11/10**

Aug 2022 – May 2025

Khawaja Moinuddin Chishti Language University

Lucknow, Uttar Pradesh

Bachelor of Computer Applications **CGPA: 8.46/10**

Jul 2018 – May 2021

ACHIEVEMENTS & LEADERSHIP

- NVIDIA Certified Associate – Generative AI and LLMs** (Valid through Jul 2028).
- Google PromptWars:** Ranked 16/167 with a score of 91/100 while competing individually at Google Bangalore.
- Microsoft Learn Student Ambassador:** Mentored 700+ students through AI, cloud, and interview preparation workshops.
